

RIG-IT ONE2THREE RIGGING PLATE

Small

Art.no.: AR03B-M+L

RIG-IT rigging plates are great for any rigging work, from simple configurations to super complex setups such as stunt rigging or rescue applications. They have space for multiple anchor points and various rope setups. Special textile-friendly radii at the edges protect your gear and allow you to directly attach textile elements.

Our compact RIG-IT one2three rigging plate features a very generous centralized connection point specially designed for use with thick slings. It allows you to keep all connections in one place. Carabiners with large locking sleeves, such as the RONDO Slide Autolock, can be easily rotated 360° in all the openings.

Austrialpin guarantees an impressive 60 kN strength for all our rigging plates. This gives you the safety you need. Each rigging plate has an ID number to ensure traceability.

use cases:

equipment, PPE, tactical

Technical specifications

BODY	Material: aluminium Color: matte black Finish: anodized
WEIGHT	242 g
LENGTH	140 mm
WIDTH	126 mm
DEPTH	10 mm
HOLE DIAMETER	22 mm
MIN. BREAKING LOAD IN LONGITUDINAL DIRECTION	60 kN

COUNTRY OF ORIGIN	Austria
EAN CODE	9006381028542
COLOR VARIATIONS	 red [Art.no.: AR03B-R+L]
STANDARDS	ppe reg. (EU) 2016/425, UIAA 130
