COLT.EVO

VIA FERRATA SET

in-webbing brake and stretch-Y and COLT carabiner with silencer
Art.no.: AS90CS2

The via ferrata carabiners COLT hold nicely in the hand and can be used like pliers. Thanks to their extra-long snapgate, enough space between finger and wire is guaranteed. The COLT carabiners are UIAA-certified and equipped with the AUSTRIALPIN sound absorber. The plastic sound absorbers reduce noise disturbance caused by the movement of the carabiners along the wire to a minimum and therefore ensure a nice and peaceful via ferrata experience. In addition, the sound absorbers protect the carabiner against abrasion caused by the wire. The use of the COLT.EVO via ferrata set is not affected by the sound absorbers.

The user weight of the COLT.EVO via ferrata set can range from 40 kg (without equipment) to 120 kg (fully equipped).

use cases:
via ferrata

Technical specifications

CARABINER	**Material:** aluminium **Color:** yellow **Finish:** anodized
IN-WEBBING-BR.	**Material:** textile **Color:** black
STRETCH-Y	**Material:** textile **Color:** black
SILENCER	**Material:** polyamide **Color:** black
WEIGHT	526 g
MIN. BREAKING LOAD IN LONGITUDINAL DIRECTION	27 kN

LENGTH	128 mm
WIDTH	77 mm
MIN. BREAKING LOAD IN THE MINOR AXIS	9 kN
MIN. BREAKING LOAD WITH OPEN GATE	9 kN
LOCK	COLT
TOTAL LENGTH	123 cm
GATE OPENING	29 mm
COUNTRY OF ORIGIN	Austria
EAN CODE	9006381008278
STANDARDS	EN 958:2017, EN 12275:2011 (K), UIAA 121
