COBRAFRAME SNAKEBITE
ALUMINIUM

25 mm
Art.no.: FC25CF-K-LS

The COBRAFRAME SNAKEBITE is an aluminium thread-back buckle with a movable adjuster bar made of stainless steel.

It comes with an additional clamp, the so called SNAKEBITE, that locks the adjustable belt strap in the desired position and prevents possible "creeping" of the webbing. Belt straps can be easily adjusted, but once they have been set to the right length, they may still loosen a bit during regular loading and unloading.

Our SNAKEBITE has a clamp with teeth that lock the webbing. This prevents the strap from loosening, even when you’re on the move. Once the buckle and clamp are engaged, you can still pull the strap tighter, making the belt system extremely comfortable and safe.

use cases:
PPE, Fashion, air sports, tactical, equipment
