

COBRA® THE ORIGINAL

58 mm

Art.no.: FC58KGG-XL

The COBRA® THE ORIGINAL is a buckle that meets the highest safety requirements. When relieved the buckle can only be through pressing both clips at the same time. The locking mechanism makes one-sided locking of the buckle nearly impossible and is confirmed by a distinct 'clicking' sound.

The locking mechanism of the COBRA® THE ORIGINAL buckle is patented and guarantees highest safety. Neither is it possible to open the lock one-sided nor under load. Thanks to the identical locking mechanism, all COBRA® THE ORIGINAL sizes are compatible. In combination with a fitting webbing, the minimum guaranteed load capacity is 18 kN in loop configuration.

use cases:

PPE, Fashion, air sports, tactical, equipment
