

COBRA® PRO STYLE

45 mm

Art.no.: FY45KFG

The COBRA® PRO STYLE is a buckle that meets the highest safety requirements for its users, as it can only be opened when released by pressing both clips at the same time. The locking mechanism thereby allows easy engagement of the interlocking components, which is confirmed by a distinct clicking sound. One-sided locking is nearly impossible.

The locking mechanism of the COBRA® PRO STYLE is an evolution of the COBRA® THE ORIGINAL which guarantees an even safer application. In addition, a larger cut-out on the backside of the COBRA® PRO STYLE prevents dirt, dust, ice or snow from getting caught in the buckle, which increases its performance capabilities and lifetime even more.

All COBRA® PRO STYLE sizes are mutually compatible. In combination with a fitting webbing, the minimum guaranteed load capacity is 18 kN in loop configuration.

use cases:

PPE, Fashion, air sports, tactical, equipment

Technical specifications

BODY	Material: aluminium Color: black Finish: ktl coated
CLIPS	Material: brass Color: colorless Finish: polished
BREAKING LOAD TENSILE STRENGTH	9 kN
BREAKING LOAD LOOP CONFIGURATION	18 kN
WEIGHT	62 g
RECOMM. WEBBING WIDTH MALE PART	45 mm
RECOMM. WEBBING WIDTH FEMALE PART	45 mm

SLOT WIDTH MALE PART	4 mm
SLOT WIDTH FEMALE PART	8 mm
OUTER DIMENSION LENGTH	59 mm
OUTER DIMENSION WIDTH	56 mm
OUTER DIMENSION DEPTH	10 mm
TECHNICAL DESIGN MALE PART	non adjustable
TECHNICAL DESIGN FEMALE PART	wide non adjustable
SIZE OF CLIPS	standard
COUNTRY OF ORIGIN	Austria
 Patented	
STANDARDS	EN358:2018-11 (partial), EN ISO 9227
