MICRO

ID SCREWLOCK WITH BRASS SLEEVE

aluminium, polished
Art.no.: KM13A-ID

Our lightest screw lock carabiner with smooth-running brass sleeve and its great handling works perfectly in alpine terrain, for multi-pitch routes and traditional and also industrial climbing. The unique shape of the MICRO combines a wide gate opening with high strength and allows for smooth gliding properties especially for half ropes. Thereby, its wide inner shape guarantees rope-protecting climbing. With unique identification number.

use cases:
sports climbing, ice climbing, mountain sports, PPE
