HMS RONDO
ID SLIDE AUTOLOCK

aluminium, hard-coated
Art.no.: KR43H-X-ID

The HMS RONDO carabiner meets all expectations regarding easy handling and tangible safety.

The HMS RONDO is equipped with the fastest locking mechanism worldwide – the Slide Autolock! The Slide Autolock can be opened easily by just pressing the embedded brass slider. The gate automatically locks when releasing the slider. Through the embedded positioning of the button, it’s nearly impossible to open the gate unintendedly. Especially users who are looking for an easy-to-use and safe carabiner will love the HMS RONDO Slide Autolock.

The design of the carabiner prevents the build up of sharp edges from rope friction. The round profile allows for fluid rope management.

The HMS RONDO Slide Autolock is hard-coated, a specialized anodized coating. Thanks to its double strength and higher base-hardness, this coating offers higher robustness and therefore a much longer lifetime - perfect for frequent use.

Another special feature of the HMS RONDO ID slide autolock is its unique identification number [ID].

use cases:
mountain sports, canyoning, PPE, sports climbing

Technical specifications

BODY	**Material:** aluminium **Color:** black **Finish:** hard-coated
GATE	**Material:** aluminium **Color:** black **Finish:** anodized
LOCK	**Material:** brass **Color:** colorless **Finish:** polished
WEIGHT	84 g

LENGTH	110 mm
WIDTH	72 mm
MIN. BREAKING LOAD IN LONGITUDINAL DIRECTION	23 kN
MIN. BREAKING LOAD IN THE MINOR AXIS	10 kN
MIN. BREAKING LOAD WITH OPEN GATE	7 kN
LOCK	slide autolock
FEATURES	ID
GATE OPENING	28 mm
COUNTRY OF ORIGIN	Austria
EAN CODE	9006381013043
STANDARDS	EN 12275:2013 (H), EN 362:2009 (B), UIAA 121

UNIQUE IDENTIFICATION NUMBER (ID)
