

CHALKER

LIQUID CHALK

100 ml bottle
Art.no.: RT10LC

Liquid chalk, quick-drying and yielding in the convenient 100 ml bottle.

With an alcohol component of more than 70%, our LIQUID CHALKER has a disinfecting effect and is still absolutely skin-friendly. In addition, liquid chalk reduces the fine dust in indoor areas, which makes it perfect for climbing in the climbing gym.

Ingredients: Magnesium carbonate, Alcohol, Thickener, Rosin

use cases:
bouldering, sports climbing
