SKYSTEEP

VARIABLE 11-OR 12-POINT CRAMPON

step-in binding
Art.no.: ST11B

Ready for new adventures? No matter if at your next glacier tour, in steep ice or when mixed or drytooling – the SKYSTEEP 11- or 12-point crampons with Step-In binding is your reliable and safe partner in every technically demanding terrain! Made of resilient steel, this crampon is a real quick-change artist. SKYSTEEP has convertible front points in order to use it as a one-point or two point crampon. Our SKYSTEEP is size adjustable via its movable center bar and a snap-in feather. The bulbous shape of the anti-bot plates contributes to the removal of snow sticking to the shoe sole.

use cases:
ice climbing
