We once again gave free reign to our creativity and entered round two of our PAPNU PERFORMANCE chalk bag series with the PAPNU DA VINCI – same quality, but new designs!

Light as paper, strong as rock – still

True to the motto “Never change a running system” the core of the PAPNU PERFORMANCE chalk bag stays the same: These stylish and robust climbing companions made of tear-proof special paper convince with super light 56g (without waist belt), are water-resistant, 100% vegan, produced in Austria and all raw materials for this quality product come from the EU. Moreover, they can be washed easily at 40°C in the washing machine.

New design: Hello Da Vinci!

For the new PAPNU we came up with the finest design idea. PAPNU DA VINCI – we definitely couldn’t go without a tribute to Da Vinci’s Vitruvian Man in a pretty cool climbing style with great details and hidden messages. Because after all, climbing is also art – right?!
