PAPNU
CHALK BAG

WALLCREEPER
Art.no.: ZB03ML

We once again gave free reign to our creativity and entered round two of our PAPNU PERFORMANCE chalk bag series with the PAPNU WALLCREEPER – same quality, but new designs!

Light as paper, strong as rock – still

True to the motto “Never change a running system” the core of the PAPNU PERFORMANCE chalk bag stays the same: These stylish and robust climbing companions made of tear-proof special paper convince with super light 56g (without waist belt), are water-resistant, 100% vegan, produced in Austria and all raw materials for this quality product come from the EU. Moreover, they can be washed easily at 40°C in the washing machine.

New design: We have a bird now!

We love nature, that’s why we now officially have a bird. Yeah, really! No, not only the one on our PAPNU wallcreeper chalk bag. We adopted and sponsor the wall creeper, the “flying alpine rose”, in the Alpenzoo – by the way the only zoo that shows this special bird species. The wallcreeper’s home is the alpine area, its territory are the rock faces which it approaches from the bottom and flies all the way up at an incredible speed – yes, even our passion can be found in its name. Seriously, which animal could fit AUSTRIALPIN better than the bird on our new PAPNU? When buying this chalk bag, part of the proceeds benefits the protection of the fascinating wallcreeper.

use cases:
bouldering, sports climbing, mountain sports

Technical specifications

BAG	**Material:** textile **Color:** mixed
